### Rowe, Stone, Finch Announce \$17,000 Grant to Kennedy Center

State Reps. T.R. Rowe, Jack Stone and State Sen. Bill Finch announced that the State Bond Commission has approved a \$17,540 grant to the Kennedy Center rehabilitation facility on Reservoir Road in Trumbull for new heating and ventilating.

Martin D. Schwartz, president and CEO of the Kennedy Center, said, “This is fantastic; it’s great news. The building is need of improvements to the heating and air conditioning, and being a not for profit organization, our funds are extremely limited. This allows us to get a proper system in place especially as the warm weather approaches. It will make a tremendous difference.”

**Rep. Rowe** said, “It is a honor and a privilege to announce this grant. I thank Gov. Jodi Rell and her administration for making this possible. We are deeply thankful for her support.

**Rep. Stone** said, “The Kennedy Center has been helping children and adults of our area for a half century. I am pleased to support this grant to help upgrade the facility and improve conditions for its clients, their families and staff. Thanks are due especially to the governor and her staff.”

**Sen. Finch** said, “This money will help improve the Kennedy Center facilities, and ultimately, improve the quality of care for all those who utilize the services there.”
